

Where Every Voice Matters

Every Story Counts

Supported Independent Living

At **True Diversity**, we believe in more than just inclusion – we're passionate about celebrating what makes you, **you!**

We know everyone dreams of a home that's their own, filled with comfort and personal touches. Our team is here to support adults aged 18 to 65 with complex disabilities in building a life of independence that feels just right.

Living on your terms isn't just about having a place to stay – **it's about thriving with confidence and pride.** If you're ready to explore new housing arrangements, our Supported Independent Living (SIL) service offers the perfect blend of support and freedom. We'll be by your side, empowering you to embrace your individuality and create a home you love.

Some ways we can assist:

- Crafting personal plans for your goals and aspirations
- Building and maintaining friendships and community ties
- Accessing fun social and recreational activities
- Managing money and budgeting with confidence
- Handling shopping, cooking, and household tasks
- Navigating public transport
- Managing appointments and tenancy responsibilities
